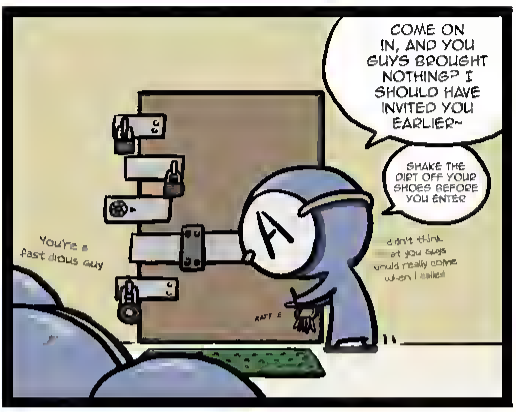
혈액형에 관한 간단한 고찰
A SIMPLE THINKING ABOUT BLOODTYPE

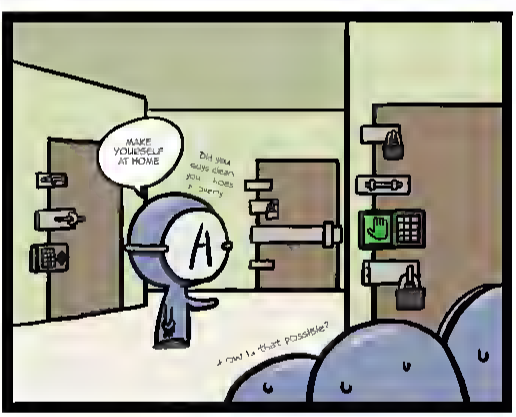
HOUSE OF THE HEART

IF THE HEART WAS THE HOUSE

TYPE A

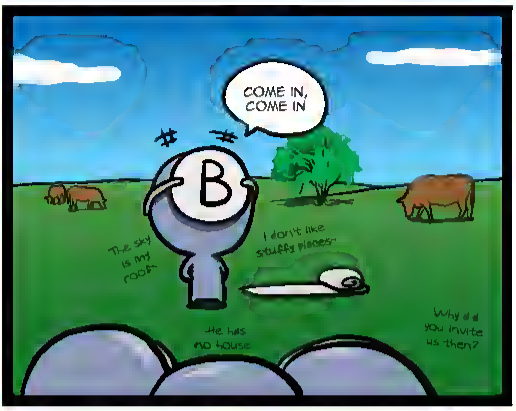


COME ON IN, AND YOU GUYS BROUGHT NOTHING? I SHOULD HAVE INVITED YOU EARLIER~
SHAKE THE DIRT OFF YOUR SHOES BEFORE YOU ENTER
A
You're a past obsessive guy
I don't think that you guys would really come when I called



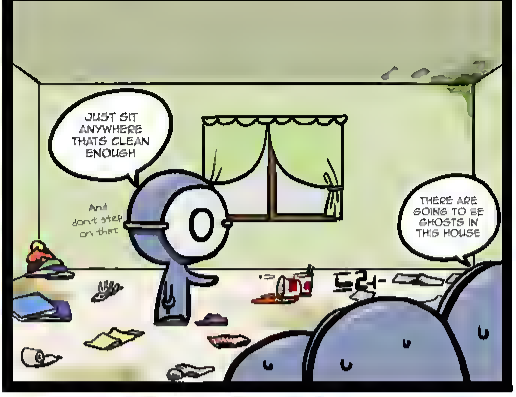
Blood Type A is cautious and careful, and has a mysterious house with really tight security

TYPE B



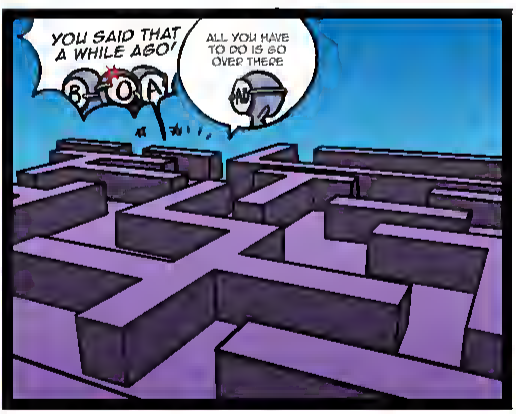
Blood Type B doesn't like being tied down by commitments, so he camps out or sleeps in the open....?

TYPE O



Blood Type O reveals everything to anybody he trust. The door is locked securely, but when you pass the door, it's just one room-

TYPE AB



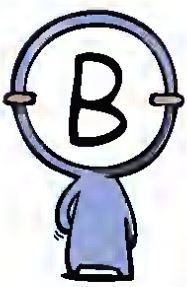
Blood Type AB has a rational side and a free-thinking side mixed together, so he is seen as complicated and mysterious. He is like a maze.

THE PLACE THAT THEY PREFER

This is a topic which came up when I was talking with my friends at schooi

Type A doesn't like being the center of attention, and feels burdened when they have to be in front of others, so they prefer to be close to walls

Type B doesn't get affected by his environment, so he doesn't care if he is at the center



Type O goes around the room as he wants because he is curious and nosy

Type AB likes distance between himself and others, so he like corners

If they are in a room together, it looks like this.
